THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

When the buds burst into fragile flower, and their breath is everywhere, and a warming breeze caresses the cold, damp earth . . . this is more than Spring. This is the time of Promise.

For these same festive branches shall lift a precious burden of fruit when the red-gold mantle of harvest falls across the land.

When human souls awaken to the reveille of faith, and hymns and prayers fill the arches of heaven, and the warmth of an ageless hope reaches from heart to heart ... this is more than Lent.

For the faith which blossoms today will bear its own precious fruit. Love! Joy! Peace! The harvest of souls like yours and mine is beginning anew to grow.

You'll find a Corvair Corsa's instrument panel vastly more informative than an ordinary car's. But that's really only a fringe benefit of driving one.

Because for all its finely calibrated instrumentation—tachometer, manifold pressure gauge, even an electric clock with a sweep second hand for rally buffs—the most important thing that happens when you get a Corsa out on the road doesn't register on the dash. It registers on you.

You feel it in the steering—crisp and precise—as you double back on a curve. In the flat riveted-to-the-road stability of the new fully independent

suspension. In the response of the rear engine (up to 180 hp available now in Corsa's Turbo-Charged version).

You don't have to wear a sports car cap and sun goggles to appreciate things like this. Or the clean international cut of Corvair's styling.

Drop down to your dealer's now—while the trading's extra good—and see for yourself. Look over the dashboard gadgetry all you like, but by all means get out on the road where you can really handle the merchandise. We'll guarantee spring will look greener, sun goggles or no.

Mr. Consley recently retired as director of purchases for the York Division of Borg-Warner Corporation and his former avocation has become his vocation. Now he spends full time hunting, writing and telling the

Bill's idea that a hunt should never be repeated has forced him to travel 300,000 miles from Franz Josef Land in the Arctic to Mt. Kilimanjaro south of the equator. He has been twice around the world and visited more than 20 countries. In his travels he has successfully hunted approximately 50 different kinds of animals. Many of his hunting stories have been published in "Outdoor Life."

TO BE LADIES' NIGHT

Bill is an accomplished photographer, a careful observer of the country, a student of the people, as well as a hunter, so his stories are broad enough to entertain nonhunters as well as hunters. He showed slides at previous banquet programs of the local sportsmen and is well known

See us. We deliver: a big car, not just a big-car name.

There's a difference. A big difference. You won't find any pint-sized junior editions running around our place wearing a Chrysler nameplate. The factory doesn't build them.

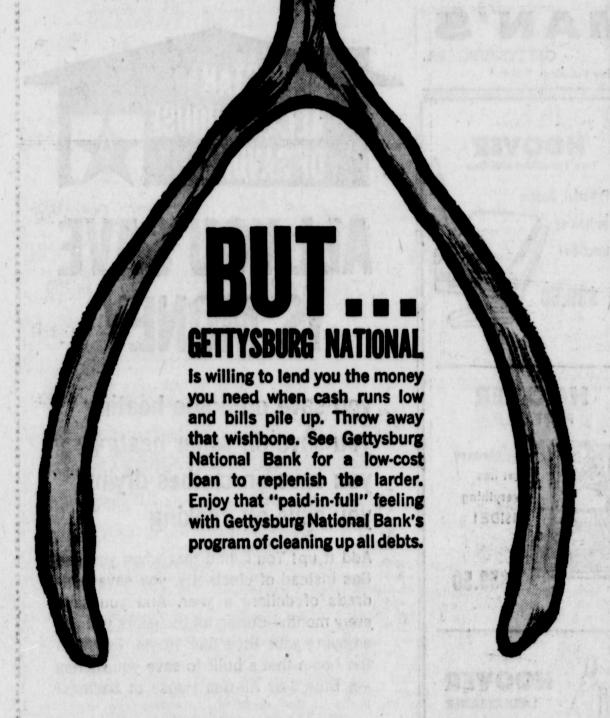

Here's another fact to remember: Nearly half our models are priced only a few dollars a month

more than the most popular smaller cars. So if you're going to pay the price of a Chrysler - get one. It's easy. See us. We deliver.

How Did We Manage To Run Up All Those Bills?

It's the total that staggers me . . . since there's hardly a luxury . . . just a few winter things (not a mink in the lot) ... only snow tires and flu shots and new water heater. Plus doctor and dentist . . . (and of course there was Christmas) . . . and the kids home from school. . . . Oh-and TV repairs. Tuition, insurance and winter-sized fuel bills. . . . I guess winter months are usually like that. . . . Want a helping hand to get back "in the black?" You can, with an Adams County National Bank Loan . . . to wipe the slate clean, with but one monthly payment. (Costing less, as you know, because bank rates are lowest.)
